The Law Firms Making Millions Off The PG&E Cases

The nation's largest utility company, Pacific Gas and Electric, has paid at least $89 million in the past year in legal fees to firms directly involved with its bankruptcy, civil, criminal and regulatory cases stemming from California wildfires — and the vast majority of that sum has gone to Cravath Swaine & Moore LLP.

Two years ago, in McGill v. Citibank, the California Supreme Court made arbitration agreements that preclude consumers from seeking public injunctive relief unenforceable. But some federal courts have deviated from that holding so as to make its future uncertain, say Brian Kabateck and Brian Hong of Kabateck.

Why States And Cities Are Concerned About Census Accuracy

The 2020 census will impact every state, city and county in the United States, because population is a major factor in how the federal government distributes funds. Despite apprehensions about an undercount, there are reasons for optimism about the accuracy of the census, says Lou Cannon of State Net Capitol Journal.

LEGAL INDUSTRY

Titan Of The Plaintiffs Bar: Caldwell Cassady's Brad Caldwell

If Apple could send people back in time, it would likely make them steer Brad Caldwell away from law school. It probably wouldn't have even been that hard: He'd studied to be an engineer, even worked as one for the CIA, before applying for law school on a whim. There was a very real future in which he didn't become a lawyer, and in that future, Apple might have kept the $1 billion Caldwell bled from it in court.
